## **Gordano Closes Acquisition of Softalk Messaging Assets and Customer Contracts**

***SMEs and large enterprises benefit from one of the most comprehensive ranges of messaging and collaboration solutions***

(New York, NY – November 1, 2010) - [Gordano Ltd.](#), an international developer of comprehensive enterprise-class messaging products delivering scalability and reliability, announces it has completed the acquisition of [Softalk](#), provider of messaging and collaboration software solutions specifically designed for small to medium size businesses and organizations. The acquisition of Softalk's messaging assets and customer contracts will further enrich Gordano's products and services for the small to medium enterprise (SME) providing options to either install in-house or subscribe through Gordano's forthcoming hosted services.

"I would personally like to welcome customers, resellers and staff of Softalk to Gordano," said Mohammed Rafi, managing director, Gordano. "Gordano has an excellent reputation for customer support and the strength of their messaging products and services, and Softalk customers will benefit from this."

The Softalk Collaboration Suite is a complete solution for office messaging and collaboration for the SME. Incorporating the Softalk Mail Server, WorkgroupShare and Softalk Organizer products to create an integrated alternative to Exchange Server, the suite provides an organization with high performance, dependable messaging and also provides its staff with the ability to create, manage and share its information.

"The Softalk acquisition will allow Gordano to offer one of the most comprehensive ranges of messaging and collaboration products and services to SMEs and large enterprises," continued Rafi. "Companies are now able to grow from five users through to tens of thousands users, utilizing messaging and collaboration solutions from both Softalk and Gordano, all coming from a single provider."

For more information regarding Softalk solutions, please visit [www.softalkltd.com](http://www.softalkltd.com). For additional information regarding Gordano, please call 877.292.1142 or visit [www.gordano.com](http://www.gordano.com).

### **About Softalk**

Softalk provides a range of messaging and collaboration software solutions specifically designed to benefit small to medium size businesses and organizations. It was set up in 1993 and is a privately held company headquartered in Maidenhead in the UK. For more information, visit [www.softalkltd.com](http://www.softalkltd.com)

### **About Gordano Ltd.**

[Gordano Ltd.](#) has been developing innovative messaging software since 1994. From the original email server running under Windows NT only, the software was completely re-written to provide a rich -client WebMail interface, seamlessly integrated Anti-Virus and comprehensive Anti-Spam all running on a range

of platforms. Security is paramount in the development processes used by GMS and SSL is supported throughout the product. Full groupware capabilities are provided allowing Microsoft Outlook integration across a range of platforms providing a real alternative to Microsoft Exchange, while providing complete functional interoperability between Outlook and Gordano's WebMail client. The Collaboration server was awarded "Best Exchange Killer 2006" by *InfoWorld* magazine. The AJAX driven web interface for email, tasks, notes, calendars and documents provides users with complete flexibility on how and where they work and with whom they share information.
